Hey, does replacing my own battery void my iPhone's warranty? Short answer: No. If you need a battery replacement, your warranty probably bit the big one already. Apple's standard iPhone warranty lasts one year, and a typical battery works quite a bit longer (500 charge cycles, or roughly 18-24 months by our math teacher's reckoning).

If your battery is swollen, take appropriate precautions and do not heat your phone. For your safety, discharge your battery below 25% before disassembling your phone. This reduces the risk of a dangerous thermal event if the battery is accidentally damaged during the repair. You'll need replacement adhesive in order to complete this repair.
