Through scientific management, Jiaxing Haina fastener Ltd company has been obtained ISO9000 certificate of Quality Management System, SGS and BV international certificate system of Make in China. Our Services. Professional Manufacturer: All of our Fastener are designed and manufactured according to ; buyers" specification and performance.

Solar brackets are structures used to fix and support solar panels in solar mounting systems. They can ensure that solar panels capture sunlight at the most appropriate angle, thereby maximizing power generation efficiency. A triangle bracket is a common solar bracket structure, so named because its structural shape resembles a triangle.
