Subsea Batteries. A major project completed by the Altertek team put a high power 800V Lithium battery over 3Km underwater for a subsea application to power equipment. The Lithium battery was designed into a pressure compensated enclosure. Although many believed it could not be achieved, the enclosure successfully survived testing at simulated ...

Ultra-thin form factors with custom size capabilities to meet the mechanical demands of the end product. ... Strong High-rate discharging performance at 10C, high battery application efficiency; the output power of the high rate batteries is 25% higher than general ones; Reliable cycle life performance; Strong engagement between engineering teams to provide the effective and ...

[3, 4] The recent rise of the demand for high rate, high capacity, quick-charging LIBs to meet the portable devices with prolonging stand-by time, electric vehicles with long-distance driving range (>500 km), and batteries ...

Custom Lithium Battery Packs. At Project Lithium we are dedicated to make high quality lithium battery packs for an affordable price all while being local to New Zealand. We also do battery repacks to give your old batteries a new life. Read More. About Us. We are a two brothers that have a strong passion for electronics and batteries thus we founded Project Lithium. We focus ...

High Power 24V 40AH Custom Lithium Battery Pack For Electric Vehicles Long Cycle Life Up to 2000 Life Cycles. Excellent Performance On Safety. High Temperature Resistance. Custom lithium battery pack 24V 40AH for electric vehicles. AGM Replacement Battery 24V 40Ah. 24V 40Ah AGM replacement battery .
