Megarevo's residential energy storage battery cabinet with high energy density LFP batteries. The capacity of the system can be flexibly configured between 2.4kWh ~9.2kWh. With the BMS management system, it has a cycle life of more than 10 years and is suitable for installation in villas, office areas and other scenarios.

We offer our cabinets in two different sizes, 3 Rack Cabinet (15kWh) and 6 Rack Cabinet (30kWh) allowing you to expand your storage as, and when required. Many manufacturers suggest connecting batteries together via the positive and negative terminals however, in our experience, this creates an imbalance between cells.
