This New England-style lighthouse dating to 1856 still operates on a tiny, rocky island that you can easily reach at low tide. Walking around outside is free, and with the admission fee you'll get a tour of the on-site museum and tower.

Built in 1762 and still symbolically guarding the bay from up the hill is Quidi Vidi Battery. Built by the French after they took St John's, the battery was quickly claimed by the British and remained in military service into the 1800s.

Located across the bridge from Port Fairy's picturesque harbour, Battery Hill is worthy of exploration, with cannons and fortifications positioned here in 1887 to protect the town from the then perceived threat of Russian warships.

Designed to connect the Waterfront to the City Centre, Battery Park has transformed the Canal District of the V& A Waterfront. The centrepiece is the skate park, which has instantly become a popular meeting ground for local teens.

You're not alone in feeling drained after spending too much time with loved ones. So, try winding down with these after-care tips to recharge your social battery.

Built during the Napoleonic Wars, when French ships passed through the Pentland Firth to prey on North Sea merchant vessels, this battery, accompanied by two towers (one across the water), never saw action but is an impressive piece of military architecture.

Across the river from the Waikino train station, the Victoria Battery Tramway & Museum is the former site of the biggest quartz-ore processing plant in Australasia.
