Where cultures collide. As you wander around northern Cyprus" old towns, unexpected architectural twists whisper of civilisations that took over from one another throughout the centuries - and nowhere is this more apparent than in the Cypriot capital, bisected since 1964 into Nicosia (Lefkosia) and North Nicosia (Lefkoşa).The ...

Disambiguation: In this post, I will refer to land to the north and south of the UN buffer zone (or "Green Line") that divides the island. In order for readers to easily differentiate between the two, I will refer to the land to the north, the de facto Turkish Republic of Northern Cyprus, as North Cyprus and the land to the south, the de jure ...

North Cyprus DC screen battery

The roots of the close relationship between Northern Cyprus and Republic of Turkey can be traced back to the Cyprus conflict and subsequent events. Following intercommunal violence between Greek and Turkish Cypriots in the 1960s and the coup d'état by Greek nationalists in 1974, Turkey intervened militarily on the island, leading to the de facto ...

To maximize your laptop's battery life, reduce the screen brightness, turn off Wi-Fi and Bluetooth, close unused applications, and use the Windows Power Troubleshooter to ...

Stay informed about your house and auxiliary battery's charging status and easily monitor the solar system's overall health. o Adjustable Parameters. Program your charger settings, volts, and amps directly through the monitoring screen. o Plug and Play. Simply connect an RJ45 directly to your DC-DC and let the screen take care of the rest.

NOTE: First edition of the monitoring screen for the DC to DC battery charger with MPPT series, is not an ideal item for your setup if the auxiliary battery is lithium or if your vehicle comes with a smart alternator, you won't be able to check the complete data of the charging data of the DC to DC batteries with MPPT.
