

Portable Home Solar

Our favorite solar generator for emergency backup power is the EcoFlow Delta Pro. It combines a fast solar charge time with a generous 3.6 kWh capacity, can directly power your home's electrical panel, and supports additional batteries for a total capacity of 25 kWh. Better yet, it's not even the heaviest or most expensive option on our list.

In this guide, we dive into key considerations when choosing a solar generator, exploring everything from compact portable models to home power stations. We also introduce alternative options like foldable solar panels, providing ...
