Be prepared for your next power outage. The Schumacher 535 Wh Lithium Portable Power Generator (SL1466) is ready to provide you with emergency power or serve as a portable power station. Because it is powered by a lithium ion battery, it is quiet and fume-free. This means that you can safely use the SL1466 indoors, unlike traditional generator.

Portable power stations can't replace a gasoline-powered portable generator, but they can be safely used indoors. CR gives advice for when you might need one of these battery generators. Ad-free.

Battery Chemistry of the Best Portable Power Stations. Today's best-in-class portable power stations are much more than a jumped up version of a classic rechargeable lithium battery. A lot of research has gone into figuring out how to build batteries that are powerful yet compact and lightweight, long-lasting and also stable and safe.
