These items would make excellent gifts for the solar enthusiast, the eco-minded person, or just someone who forgets to charge their devices.

Solar Powered Copper Bottomed Hot Water. Our old Beasley solar thermal unit ran for free 8+ months of the year, but when the roof sheets rusted out, I installed 38kW of PV solar for my Mum. We ran out of roof space for a thermal collector, so we just crush the consumption with electrical sunshine now.

Prices of old-fashioned solar-powered
