Read Jackery's guide to learn the 4 best emergency lighting with battery backup systems and how to choose the ideal one. ... consider investing in Jackery Explorer 1500 Pro Portable Power Station or higher. ... If you are looking to power lights and other appliances for long hours, choose a lithium-ion battery backup with fast charging capability.

Lithium batteries don't suffer from sulfation, which occurs in most lead-acid batteries. Lower Weight. Lithium batteries typically weigh 60% less than marine lead-acid batteries and take up less valuable space. A lighter boat is faster and more maneuverable. This weight reduction makes the batteries much easier to carry.
