Some outdoor solar lights mount like traditional light fixtures, using screws, including our best wall-mounted pick, the Cyhkee Motion Sensor Solar Powered Wall Lanterns. For path lighting, like our best pathway lights, the Alfiot Solar Pathway Lights, solar lights with stakes are quick and easy to install--just push them into the ground, and you're ready to go.

In this case we had some unshaded South & West facing walls and we had already done the "low hanging fruit". We used 3/4" rigid exterior foam and full depth spray foam inside the walls. It was not a huge expense to add it to these walls and we wanted to build the most efficient house we could within the budget parameters. Bottom line for me ...
