

Sophia Home Solar Panel

"We just had solar panels installed on our home by the awesome people at Solar Earth Choice. I highly recommend this company to anyone who is considering going solar. The original sales pitch was highly informative and low pressure. The product and installation were surprisingly affordable. The installation process was quick and professional. The customer service was ...

Heating your home with solar thermal panels. Solar thermal panels are different to solar photovoltaic (PV) panels - the latter is more popular and better known, however solar thermal panels have some great benefits. They are not only cheaper than PV panels, but more efficient too. This is because solar thermal panels don't turn sunlight into power like PV ...
