Battery life: Up to 150 " x " hardwood cuts | Dimensions: 33.31" L x 9.06" W x 9.65" H | Bar length: 16" | Motor type: Brushless | Weight: 17.66 lb | Safety features: Stay-cool battery system and quick-stop chain brake If you're looking for a general-purpose chainsaw that can handle nearly any task, from ...

Our top-ranked battery-powered chainsaw is the Sun Joe iON100V-18CS-CT. This chainsaw is a beast, with 100 volts of power and an 18-inch saw bar that make it the biggest and most powerful unit on the list. Cool features: The tool-less chain tensioning keeps the chain secure and the automatic oiling system keeps it lubricated while cutting.

If your battery chainsaw is going to be your only chainsaw, go with a longer bar length of 18- to 20-inches. If the electric saw is a backup or for special projects (like a camping trip) then go with a mid-sized or shorter bar. Voltage. The voltage advertised on a saw's battery is essentially a rating of its power capacity.
